

RESERVE YOUR TAG TODAY

Your purchase helps save habitat and the hunt.

Since 1973, the National Wild Turkey Federation and its partners have brought the wild turkey back from near extinction. The foundation of our success? Standing behind science-based conservation and hunters' rights.

The NWTF's legacy is restoring wild turkey populations but our future is the Save the Habitat. Save the Hunt. initiative, which meets the modern day challenges that wildlife and hunting face.

NWTF volunteers and partners are committed to three main goals:

- conserve and enhance 4 million acres of critical upland wildlife habitat
- create 1.5 million new hunters
- open access to 500,000 new acres for hunting and other outdoor recreation

Now is the time when we have to make good on these goals to ensure the future of wildlife and hunting is secure.

Your purchase of an NWTF license plate will help us succeed, because every worthy cause needs money to keep it going. But the NWTF knows its most valuable resource is people — volunteers who aren't afraid to get a little dirty when it comes to saving what's important to them.

Join the ranks of thousands of NWTF volunteers — a winning team committed to saving what's important to them and you.

Join us in the fight to save our heritage. Learn more at www.nwtf.org.

\$35 + County fees

\$15.62 of every tag goes to support the NWTF's mission in Tennessee.
